3V3 Championship Ladder

3v3 CHAMPIONSHIP LADDER

Set up multiple 3v3 fields. Play multiple 3 minute games. One team will wear pinnies each game. Leave the pinnies on the field after each game.

- If the game is tied after the first game, rock paper scissor to see who moves on.
- After the first game, if the game finishes tied, the team that has been on the field the longest moves on to the next field.
- You must win on the championship field to take their spot. If a team ties or loses on the championship field, they move all the way back to the first field
- If you win your game, you move to the next field. If you lost or the other team has been there the longest, you stay on the same field
