Positives - In Possession

- Did the right things in right areas most of the time
- Movement off the ball to create angles
- Listened and tried to implement instructions

Positives - Out of Possession

- Kept shape well
- Hard work off the ball
- Pressed well as a team

Things to improve - In Possession

- Keep standards high how no matter how the opposition match up
- Finishing standards not clinical enough

Things to improve - Out of Possession

- Conceded too many chances first half centrally through centre-backs
- Winning ball back quicker so we can play
